

ABOUT CORTOVA

Cortova is a Texas e-learning studio based in Dallas-Fort Worth and operated by DFW AI Services LLC. Its online programs serve electricians through Texas continuing education and electrical licensing exam preparation. Cortova creates learning experiences designed to make difficult subjects easier to understand.

CURRENT PROGRAMS

CortovaVolt TX

Four-hour online Texas electrician continuing education: one hour of laws and rules, two hours of National Electrical Code content, and one hour of safety. TDLR Provider #2563, Course #33375.

volt.cortova.net

CortovaVoltPrep

Online electrical licensing exam preparation. Visit the program website for current exam lanes, access options, and enrollment details. Exam preparation is separate from the four-hour Texas continuing-education course.

voltprep.cortova.net

AUDIENCE

Individual electricians, electrical contractors, and crews planning continuing education or preparing for their next license.
